

Since it is a govt. college, therefore the maintenance and improvement of the building is undertaken by the P.W.D, of the State Government. The college development committee/building committee along with Principal also monitors the construction work with P.W.D. The college also utilizes funds from U.G.C. and College development fund of Janbhagidari committee to utilize for maintenance and minor repairs of furniture and equipment. Maintenance of computer. and college website is monitored. Aqua guard and water coolers are maintained on cash payment basis as an when required. The departments take the initiative to calibrate the precision instruments for the optimum and assured performance. This exercise is particularly done in the beginning of the academic year and before the semester examination. The college has clear cut identified places for the sensitive equipment like electricity, generators, water purifiers and other electronic equipment. The laboratory staff keeps strict vigil in maintenance to keep instruments up to date. The college supporting staff is responsible for the maintenance and up keep of classrooms and library. The institution regularly maintains the water purifier so that water quality remains good. Maintenance is done periodically to facilitate uninterrupted functioning of system/electronic appliances. Fire extinguishers are kept at major places.
